Custom Foil Stamp Guidelines

Sizes:

2.5" (Small: **\$40**) 4.75" (Large: **\$75**) 5.25" (X-Large: **\$85**)

- Art for custom foil stamping on discs should be in black and white line art only (no photos)
- Accepted file formats: Adobe (.ai, .pdf, .eps, .psd) or high resolution .jpg or .tiff files
- Entire art for disc must fit inside a 5.25" circle
- Art should stay out of the center 1" diameter to avoid the injection gate
- No large solid black areas thicker than .25" (16 pt)
- Text should be at least 12 pt font; having 25 pt kerning is helpful
- No negative test stamping (ex. black bar or circle with white text inside)
- Foil and disc color selection may be requested, but not guaranteed.

Misprinted Discs

When custom stamping discs, 5% - 10% of the discs may be misstamped, depending on the art, discs, and foil used. This can result in minor cosmetic flaws in the foil (called "dropouts" in the industry). To ensure our customers receive the highest quality custom stamping at the lowest cost, we offer the following choices of what can be done with misprinted discs:

Option 1: Single stamped misprints for \$5.19. These discs have dropouts of foil or are slightly off center, and can be purchased per disc.

Option 2: Mis-stamps can be double stamped (with a different color foil) for \$5.69. This process is creating a one of a kind product that can often be sold for more than retail cost.

Option 3: I don't want any of the misprinted stamps, but it's okay for Gateway Disc Sports to sell them.

Option 4: I prefer my stamp to not be distributed/sold to the public (by me or Gateway Disc Sports) as misprinted discs, and would like all of the misprints destroyed.
